LUXURY FOOTWEAR SPA COLLECTION

ANGELO CAROLI, a world leader in fitness, created a NEW METHOD whose objective is the "GLOBAL WELLBEING" of people's health keeping together one's

**activities, both physical, mental, emotional and spiritual, all of them deeply correlated.**

This is the reason why any psycho-physical disease must be treated considering both the general condition of the body, and the emotional and social context, the cultural and spiritual background in which a person lives.

THE METHOD

## THE EXTRAORDINARY CELEBRATION OF THE SELF

### **Fitness and its Basic Principles**

such as the training techniques for mind and body, recovering harmony in the "self".

### **One's Self Esteem**

takes care of the well-known phenomenon defined as "stress" representing one of the main causes of sickness and disease.

### **The Olistic Point of View**

considers Man as an inextricable compound of cells, energy and spirit in permanent evolution.

### **The Expression of Luxury**

as the feeling of going through an extraordinary experience.
